- 7.1 Innovate UK has awarded this grant on the basis of the ownership details provided in your application.

If ownership of the organisation changes during the course of the grant funded project, Innovate UK has the right to suspend or terminate the grant. Innovate UK can also recover the value of all grant monies paid from the beginning of the project.

Also, failure to disclose a change in ownership may result in the suspension or termination of a grant.

- 7.2 Where Innovate UK has reasonable grounds for believing that changes in ownership in a grant funded project presents a risk to UK national security or national interests more generally, Innovate UK shall have the right to suspend or terminate that grant without further notice.

8. Co-Investment data

- 8.1.1 additional investment to the agreed total project costs
 - 8.1.2 any additional investment in associated technology or research areas
 - 8.1.3 further investment for up to 5 years from the end date of the project to support commercialisation.
- 8.2 Co-investment is a key factor for Innovate UK. As such, Innovate UK reserve the right to request data relating to co-investment from you on an ongoing basis for the duration of the project, or as otherwise specified by Innovate UK. This right will be retained by Innovate UK for up to five years from the end date of the project.

9. Payment of grant

- 9.1 This section explains some of the criteria and requirements for the grant funding payments and claims process. Further details are available for successful applicants when they receive the Project Costs Guidance.
- 9.2 Innovate UK will only reimburse those types of project costs that meet the eligibility criteria set out in our project costs guidance. A project's costs must be approved by Innovate UK Project Finance Team before the project can begin.
- 9.3 Innovate UK will only pay your grant into your business account at a UK clearing bank or one of its subsidiary banks within the UK. Innovate UK may accept an account at an alternative bank in exceptional circumstances at our discretion and by prior agreement.
- Your grant will be paid by instalments quarterly (unless otherwise agreed by Innovate UK) and in arrears on submission of a claim. This will be for your net eligible costs incurred, invoiced and paid in the quarter (or other period) covered by the claim.
- 9.4 You must provide evidence to Innovate UK through the Innovation Funding Service Post Award (IFSPA) for each grant claim. You must discuss costs with your monitoring service provider (MSP) before they can approve and submit your claim for payment to Innovate UK.
- 9.5 Your claims must be supported by a revised forecast of eligible project costs. These should detail expected costs for each future claim period and highlight any variations from the last forecast. Your claim might need to be supported by an independent accountant's report as set out in section 15 below.

9.6 You are required to have a time recording arrangement which allows you to accurately record time charged to Innovate UK projects which can be submitted with the claims in line with the project costs guidance. All labour claims must be supported by a time recording arrangement which includes:

9.6.1 the date and number of hours worked per day

9.6.2 a brief description of the work completed and associated work packages

9.6.3 the name of the staff member completing the task

9.6.4 actual rate of labour

All persons listed in the Labour Costs table must be employees subject to PAYE.

9.7 The time recording system should clearly show when, who and what has been carried out by employees. These should provide sufficient evidence to support the submission of timely and accurate claims and to demonstrate that your eligible project costs comply with the Subsidy Control Act 2022 or state aid rules (as applicable) and as outlined in section 16.

9.8 To comply with the Subsidy Act 2022 and Innovate UK's impact evaluation process, these records must be kept for 10 years following your receipt of the grant and must be supplied to satisfy requests for evidence of compliance within 20 days if requested.

Grant recipients must be open and transparent and must provide additional information if asked. For example, this may include details of staff contributing to the project, or the nature of the relationship between the consortium members. Innovate UK may require this for assurance purposes prior to the payment of a claim.

9.9 Claims must be for completed quarters only. The exception is the final quarter which is the only occasion when you can submit a claim for costs incurred but not necessarily paid, provided that the cost is:

9.9.1 paid within 30 days of the project end date

9.9.2 included within the final independent accountant's report

Where the full value of the grant has not already been claimed, no further claim can be made after the project ends.

9.10 Innovate UK will normally pay the grant within 30 days unless we need further information to support the claim. Innovate UK agrees to raise requests for further information, if required by Innovate UK, within 14 days of receiving the claim.

9.11 All claims must be submitted or completed as draft within 30 days of the period end. Innovate UK does not have to pay any claim received more than 30 days after the end of the quarter to which it relates.

9.12 Claims should be submitted net of VAT though there are some exceptions as detailed in the project costs guidance.

9.13 Innovate UK will retain 10% of your maximum grant value until the project is complete and we have received:

- 9.13.1 a final claim
 - 9.13.2 supporting claim evidence information
 - 9.13.3 the final project report
 - 9.13.4 the Project Completion Form (PCF) or Project Impact questions (whichever is applicable to the grant as detailed in the competition brief)
 - 9.13.5 a final independent accountant's report (IAR)
- 9.14 Innovate UK will not pay any grant payments due for any claims or the 10% retained value if the items listed above are received later than 90 days after project completion date. Payment of the retained value (10%) is subject to the contents of the final IAR. Adjustments may mean that you are not entitled to receive all of the retained value.
- 9.15 You are responsible for maintaining contemporaneous and detailed records and documentation relating to the use of your grant, including timesheets, invoices, pay records and other documents.
- 9.16 Where you use subcontractors, Innovate UK reserve the right to request further information and conduct further checks. Any relationship between the funded project partner and subcontractor must be declared.

The lead project partner must be able to demonstrate that value for money is obtained in the procurement of goods, services or works funded by the grant.

The procurement process must reflect that which a participant would typically use concerning its own money, with equal, or greater, vigilance. A project partner cannot sell services or equipment to other project partners at a profit.

- 9.17 Innovate UK may appoint an auditor, at our expense, to ensure you are complying with the terms and conditions of this agreement. You agree to give the auditor or person nominated by UKRI, access to your project records within 2 weeks' notice of their appointment.

If the auditor determines that all or part of the grant has been misapplied or that you should repay all or part of the grant to Innovate UK, we may recover the cost of the auditor's work from you.

- 9.18 Innovate UK will not make payment for project costs that are already being funded by Innovate UK or another organisation.

In the event that duplicate funding has been awarded for costs associated with the same project deliverables, it is your responsibility to notify Innovate UK and any other funding organisation. This will allow the awarding organisations to agree who should fund the relevant costs.

If you are found to be claiming duplicate funding, Innovate UK will consider terminating the project, recovering all project costs and where there is evidence of dishonesty (Fraud Act 2006), referring the matter to the UKRI Counter Fraud and Investigation Service.

- 9.19 If over the whole duration of the project, and in the reasonable opinion of Innovate UK, you have received payments to which you are not entitled under the terms of this agreement, future funding payments due to you may be withheld, in such sums and for such period as determined by Innovate UK to recover the overpayment from you in full.

Innovate UK may withhold a grant payment at any time if you have any outstanding sums due to Innovate UK in relation to other projects.

Such action does not amount to a suspension or termination and does not affect any other right or remedy available to Innovate UK including termination or suspension of the project or funding to you.

10. Suspension, termination and repayment of grant

- 10.1 Innovate UK may suspend, terminate or reclaim the grant in whole or in part. We will take appropriate care in how we do this, but we can immediately suspend grant payments.

 - 10.4.13 you commit a breach of your obligations in section 16
- 10.5 If you do not resolve an issue causing suspension or if Innovate UK terminates the grant, you may be required to repay some or all, of the grant.

This clause 10.7 relates to you and any individuals associated with this project and is applicable whether or not the agreement is suspended or terminated.

- 10.8 If for any reason the grant value you have been paid exceeds the grant value approved for the project costs you have submitted, then the balance must be returned to Innovate UK within 90 days of the last day of your involvement in the project.

If the balance is not returned within this timeframe, then Innovate UK reserves the right to pursue formal debt recovery on the amount and this will impact Innovate UK's decision to award any future grants.

- 10.9 Should you need to withdraw from the project or terminate it for reasons agreed with the Monitoring Service Provider (MSP), Innovate UK will meet any eligible costs. This covers costs related to the project that you have reasonably incurred and paid before the date of withdrawal or termination, including all financial commitments to third parties, as reviewed and approved by the Monitoring Service Provider.

11. Dispute resolution

- 11.1 Where a dispute arises between you and Innovate UK, we would encourage you to contact us to discuss how the matter can be resolved. If a mutually acceptable resolution cannot be achieved within 30 days of you contacting us, Innovate UK has the right to either:

11.1.1 unilaterally to terminate the grant and potentially to seek repayment of all or part of the grant funds previously paid to you

11.1.2 or if both parties agree, to refer the matter to the London Court of International Arbitration (LCIA), whose decision will be binding. Any arbitration will be conducted in accordance with LCIA Arbitration Rules before one arbitrator seated in London
